We are happy to announce that International Beads Biennale 2024 will be held in Hiroshima, Japan, for the purpose of contributing to the development and prosperity of glass beads cultures.

The previous Beads Biennale 2020 was postponed due to the effects of the coronavirus and was held in 2021. We have made new efforts such as remote judging and holding the awards ceremony online. We are determined to make the 2024 edition of the Beads Biennale even more of a world festival of bead art.

Beads have decorated people's lives since ancient civilization.

We expect this Biennale to be a festival not only to show glass beads artworks and cultures to the world, but also to allow us feel the attractiveness of the bead works and beads jewelry themselves.
